

THE REVOLUTION IN PARK ACCOMMODATION

PARK PODS

THE PARK PODS RANGE
STANDARD • MID • MEGA

Park Pods are hand-crafted by our passionate team in regional Victoria. Park Pods are the original and best in providing 'glamorous camping' or glamping with style in any weather.

IS YOUR PARK READY TO JOIN THE REVOLUTION?

Designed and built to last, Park Pods are able to open up new revenue streams like no other form of accommodation – seasons are extended, wash-out weekends eliminated and under-utilised areas of your park can be brought to life with the addition of these unique timber structures.

In the increasingly competitive accommodation sector Park Pods offer a significant competitive advantage for your park by providing a real point of difference.

WHICH POD TO CHOOSE?

We have an eco-friendly Park Pod to suit the needs of your park, from the Standard Pod, Family Pod to the Mega Pod, the choice is yours. Park Pods are built in accordance with the Residential Tenancies (*Caravan Parks & Moveable Dwellings Regulations and Standards*) Regulations 2010.

PARK PODS are proudly manufactured in Australia by Park Pods (Australasia) Pty Ltd - under exclusive Patent Licence issued by Newfoundland Lodges Ltd (UK).
